The City of Grover Beach Amtrak Train Station Gets Spiffed Up By Eco Rotary Club

Grover Beach, CA - - The Grover Beach Eco Rotary Club has adopted the Grover Beach Amtrak Train Station for the club's cleanup efforts.

Each Sunday, the group meets to beautify planters, trim shrubs, weed, sweep, mulch, plant flowers, and more.

"The Train Station is one of our most used public facilities and we are pleased the group has stepped up to improve the visual aspect for visitors near and far" stated Mayor Debbie Peterson. She further stated, "In these tough economic times, community service of this sort is greatly appreciated. These community volunteers took the lead to help keep their local station safe and clean."

Any group or individual wishing to help with beautification of City property is invited to contact **Parks and Recreation Program Director Kathy Petker** at the **Grover Beach Parks and Recreation Department** by calling at **(805) 473-4580**.
